

MICHAEL A. LATIGONA, R.N.

*One New Jersey*

My fellow New Jerseyans,

How's your property tax bill looking these days? Did your community vote down your school budget to have the town council overturn it? How much is your auto and health insurance?

Did your union or group pay your property tax bill after they've endorsed someone else? Did they call your auto insurance company to lower your rates?

Are you thinking right now that if you vote for an Independent like myself, that you are wasting your vote?

How many past governor's, Democrat or Republican alike, have you wasted your vote on? I voted for Whitman and McGreevey, Democrat and Republican, and it didn't matter. My tax bill has never stabilized. How about yours?

That's why I am running for Governor.

My fellow New Jerseyans, to put it simply, we are Democrat's, Republican's, and Independent's coming together as New Jerseyans first.

One People, One State, ONE NEW JERSEY!

It doesn't matter what party or group you belong to. The BOTTOM line is that we are all New Jerseyans FIRST!

We ALL agree we need tax, auto, health, tort, ethics, and so many more reforms. Make no mistake, we will all continue to pay if we do not come together as a people . . . ONE NEW JERSEY.

If you decide to give me that power, I will use every bit of it to finally get the reforms we have all been desperately seeking. The days of corruption and moral ineptitude of our leaders is over. Our leaders have used the law to benefit themselves. I will use that same law to benefit all New Jerseyans.

That's why I have created my "Contract with New Jersey." The contract is a series of Executive Orders I will sign on February 17th, 2006, or my thirtieth day in office.

My first Executive Order calls the legislature to session to reform the tax code. If they fail, I will go to the State Supreme court to challenge the constitutionality of our tax code. If they fail, I will go to the U.S. Supreme Court. We will have tax reforms.

There will be no more pay-to-play at ALL levels of government and educational systems. No more nepotism, dual office holding, wheeling, and lifetime health and pension benefits for politicians.

I will perform the most detailed public audit this state has ever seen, and publish that audit on the state's website as it occurs daily. You will see the waste, and together, as a people we will finally rid ourselves of this corruption.

All of this and more in my FIRST 30 DAYS, which you can read at <http://www.michaelfor-governor.com>.

My fellow New Jerseyans, you DO have a choice.

You can waste your vote on the Democrat or Republican, or vote for me.

So when your tax bill goes up again remember, you made that choice.

The bottom line is we're ALL New Jerseyans FIRST.

One People, One State, ONE NEW JERSEY!

God Bless.
